Directions

Step 1: Apply 1 coat of Black Lab on the entire Santa. Then use a damp, clean sponge to wipe off whatever you can - leaving black in the crevices. Be sure when done that there is no white bisque showing, especially in the crevices. Let dry.

Step 2: Face, Hands, Eyes, Lips and Ring: Using a #4 Round Brush, paint the face and hands 3 coats of Bisq-Otti. Paint the eye area 1-2 coats of Polar Bear. When dry, use a Detail Brush and Blue Heaven for the irises. Then paint Black Lab for the pupils and lashes. Add a highlight in each eye with Polar Bear. Paint 1 coat of Rockin' Red to the lips and ring.

Step 3: Beard, Mustache & Eyebrows: Using a #6 Round Brush, apply 3 coats of Polar Bear to the beard, mustache and bushy eyebrows.

Step 4: Coat: Using a #6 Round Brush, apply 1 coat of Blue Heaven, then when dry paint 1 coat of Lime Ricky to the entire coat.

Step 5: Sleeves & Collar: Apply 3 coats of Rockin' Red with a #6 Round Brush.

Step 6: Wreath Hat & Greenery in Basket: Apply 2 coats of Kermit with a #6 Round Brush. Then when dry, apply 1 coat of Lime Ricky. Using a detail brush, paint the berries with 3 coats of Rockin' Red and the ribbon on the hat with 3 coats of What A Yolk.

Step 7: Basket: Using a #6 Round Brush paint 2 coats of Mocha Fudge to the basket. Then when dry, apply 1 coat of Coffee-N-Cream. Paint the shoulder strap and straps on basket with Chocolate Moose.

Step 8: Belt & Strap: Using a #4 Round Brush apply 3 coats of Black Lab to the belt and strap. Apply 3 coats of What A Yolk to the belt buckle and strap buttons.

Step 9: Lantern: Using a #4 Round Brush apply 3 coats of What A Yolk on the lantern glass. Then paint 3 coats of Black Lab on the lantern itself.

Step 10: Coat & Sleeves Trim: Using a #4 or #6 Round Brush, apply 1 thick coat of Snow Storm to the sleeves and the bottom of the coat.

Step 11: Dip in clear glaze. Fire to cone 06.
