Fold upward half of shirt in half as shown, aligning along the centre fold. Make sure to fold and smooth sleeve as well.

## Step 3:

Carefully flip shirt over and repeat folding on the other side, creating quarters lengthwise.

## Step 4:

Use a washable marker to draw evenly spaced lines diagonally across folded shirt.

## Step 5:

Wrap rubber bands tightly around shirt at each of the diagonal lines.

## Step 6:

Apply first dye colour to every other section of shirt.

## Step 7:

Apply second dye colour to remaining sections.

## Step 8:

Let shirt set 6 to 8 hours or longer then remove rubber bands and launder according to dye instructions.
