

# Watercolour Tie-Dye Technique

Explore the best of both worlds... tie dye and painting with muted brushstrokes of colour that blend together for unique results.

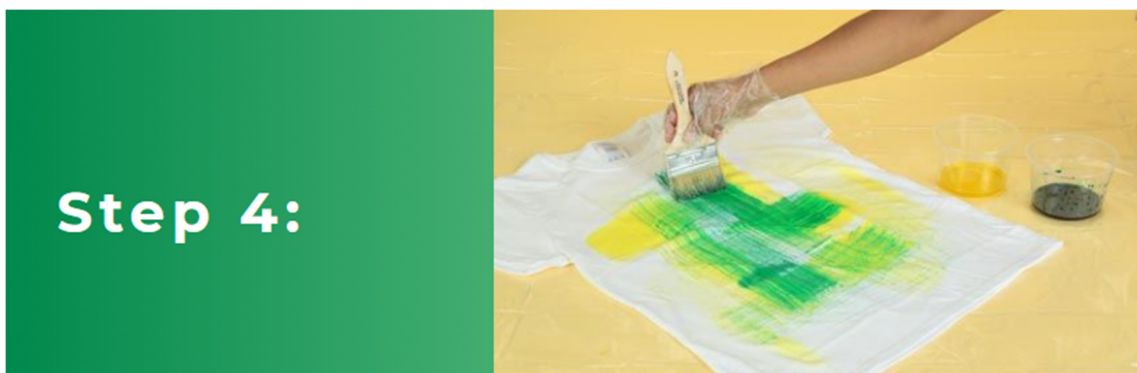

Mix dyes then add some of each dye colour to separate bowls.

Lay a damp shirt out flat on work surface.

Dip paintbrush into first colour of dye and brush random strokes of colour onto shirt.

Dip paintbrush into second dye colour and brush randomly over the top of other brushstrokes. Cover with plastic wrap to keep damp. Let set 6 to 8 hours, rinse thoroughly and wash separately.
